

PRIVACY POLICY

LIONEX TOKEN (LNXT) Ecosystem

Effective Date: 10 August

Introduction

Welcome to LIONEX (“we,” “our,” or “the Platform”), accessible via www.lionextoken.io. LIONEX is a decentralized, non-government registered, community-driven cryptocurrency ecosystem built on the Binance Smart Chain (BEP-20).

This Privacy Policy outlines how we collect, use, and protect the information provided by our users. By registering an account, staking tokens, or participating in our referral and level-income network, you agree to the practices described in this policy.

1. Information We Collect

To facilitate the operations of our decentralized referral and staking system, we require users to provide specific information during the registration process. We collect the following personal data:

- **Full Name**
- **Phone Number**
- **Email Address**
- **Cryptocurrency Wallet Address** (specifically, a BEP-20 compatible wallet for deposits and withdrawals of LNXT).

2. How We Use Your Information

The information we collect is strictly used to operate, maintain, and secure the LIONEX ecosystem. Specifically, your data is used to:

- Create and manage your user account and secure access to the staking dashboard.
- Map and maintain your position within the platform’s multi-tier referral and genealogy trees.
- Calculate and distribute Staking Bonuses, Referral Bonuses, Level Bonuses, and Achievement Bonuses accurately.
- Process automated withdrawals of LNXT tokens to your connected wallet.
- Communicate important system updates, security alerts, and transactional notices via email or SMS.

3. Cookies

We use standard “cookies” on our website. Cookies are small data files stored on your device that help us maintain your active session, remember your login state, and ensure the website functions correctly. We do not use third-party analytics or invasive behavioral tracking tools. You can instruct your browser to refuse all cookies; however, doing so may prevent you from logging into your dashboard or utilizing certain features of the LIONEX platform.

4. Third-Party Data Sharing

LIONEX is a community-based platform and does not sell your personal data to advertisers. However, we do share necessary data with trusted third-party operational service providers solely to facilitate platform functionalities. This may include:

- Email and SMS gateway providers to send registration OTPs, transactional alerts, and account recovery links.
- Secure hosting and database providers required to maintain the platform’s infrastructure.

5. Data Retention and Account Deletion Policy

Due to the unique structural mechanics of the LIONEX network, **user accounts and associated data cannot be deleted upon request.**

Our system operates on a continuous genealogy and referral tree (managing directs, downlines, Level Bonuses from Levels 1 to 20, and Fast Track structures). Removing a user’s data would permanently fracture the referral hierarchy, corrupt the downline structures, and disrupt the rightful compensation (ROI and bonuses) of other community members connected to that tree.

Furthermore, all financial transactions, stakes, and token payouts are recorded on the immutable Binance Smart Chain. Therefore, by registering on LIONEX, you acknowledge and agree that your account data and position in the genealogy tree will be retained indefinitely to preserve the integrity of the community network.

6. Age Restrictions

The LIONEX platform is strictly intended for individuals who are at least eighteen (18) years of age. By registering for an account, you represent and warrant that you meet this age requirement. We do not knowingly collect personal information from anyone under the age of 18.

7. Security and Wallet Responsibility

While we implement reasonable security measures to protect the data on our servers, blockchain transactions carry inherent risks. You are solely responsible for the security of your personal cryptocurrency wallet, your private keys, and your seed phrases. LIONEX will never ask for your private keys.

8. Changes to This Privacy Policy

We reserve the right to update or modify this Privacy Policy at any time to reflect changes in our community operations or technical updates. Any changes will be posted on this page with an updated “Effective Date.” Continued use of the LIONEX platform following any updates constitutes your acceptance of the revised policy.

9. Contact Us

If you have any questions or concerns regarding this Privacy Policy or your account, please contact the community support team at:

- **Email:** support@lionextoken.io
